Margarethenhof
nicolas weber

„We are delighted to present our wines at one of the best gin bars in Germany — Gin City."

The family-run Margarethenhof winery is located in Ayl on the Saar.

The vineyards lie in equal parts along the Saar river and the southern Moselle. The terroirs of these wine regions could not be more different: The limestone soils of the southern Moselle present full-bodied Pinots and crisp, lively Elblings. The slate soils of the Saar's steep slopes yield mineral, multi-faceted Rieslings. Our guiding principle is always to bring out the best and most authentic expression of both regions.

Our concept and gin tasting

Gin (from the French word “genévrier” = juniper) is a spirit based on juniper berries. During distillation, other natural ingredients — the botanicals — can be added. That makes gin one of the most versatile spirits in the world.

Gin City currently offers over 400 different gins, plus more than 20 tonics with different nuances.

Our menu shows a well-considered selection of several gins, arranged by seven flavor profiles.

We serve 4cl of gin as standard, with a tonic water according to our recommendation — or gladly your choice — plus fresh botanicals tailored to each gin.
